Telecommunications Services, for Alternative)	FACILITIES-BASED	
Regulation of its Interexchange)	LOCAL EXCHANGE	
Telecommunications Services and for)	SERVICES	
Flexible Regulation of its Local Exchange)		
Service Offerings.)		

This matter comes before the Public Service Commission of South Carolina ("Commission") on the request of United Communications HUB, Inc. ("United Communications HUB" or "Company") for a modification to Order No. 2000-0458, issued June 1, 2000. Order No. 2000-0458 granted United Communications HUB a Certificate of Public Convenience and Necessity to provide local exchange and intrastate interexchange telecommunications services, for alternative regulation of its interexchange telecommunications services and for flexible regulation of its local exchange service offerings. United Communications HUB now comes before the Commission asking that Order No. 2000-0458 be modified to authorize United Communications HUB to provide facilities-based local telecommunications services, as well as the resold or non-facilities based services previously authorized.

Upon examination of this matter, the Commission concludes that the request of United Communications HUB should be granted. United Communications HUB has previously established to this Commission that it is fit, willing, and able to provide the services proposed. On further review, we believe, and so find, that United Communications HUB is fit, willing, and able to provide facilities-based services as well as the resold services previously authorized. Order No. 2000-0458 is hereby modified to authorize United Communications HUB to provide facilities-based local exchange services, as well as the resold or non-facilities based services previously authorized.

This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Chairman

ATTEST:

Executive Director
